

Endless Possibilities NT (EPNT), a Territory-based company, recently received an award for the most person-centered daily Living organisation in NT and has been nominated for the esteemed National Disability Award 2023 as an Excellence in Disability Service Delivery. We are proud to be nominated for the award as the only organisation from the NT. Before receiving the NDIS registration in 2021, EPNT actively assisted clients with self and plan management. The EPNT has diverse staff members (including First Nation) happily assisting the clients. We are guided by a person-centered approach in delivering services and outcomes.
